NOTICE OF DRAFT RESOLUTIONS
(Pursuant to PU Code § 311(g))

Pursuant to Public Utilities Code § 399.8, directs Pacific Gas and Electric Company, Southern California Edison Company, and San Diego Gas and Electric Company to collect monies from customers to fund investments in energy efficiency, renewable energy, and research, development and demonstration projects

A draft resolution of the Energy Division as Public Utilities (PU) Code § 399.8 requires the three major California investor owned electric utilities to assess a Public Goods Charge (PGC) to customers in order to fund certain public interest programs. It specifies that, starting January 1, 2002, \$425.5 million is to be provided to these programs each year until January 1, 2012. However, § 399.8 does not specify how much of this annual total is to be allocated among the utilities except for the Energy Efficiency (EE) programs.

Opening comments are due on November 4, 2002 and reply comments are due on November 12, 2002. Both opening and reply comments are limited to five pages. Copies of the resolution can be obtained by contacting:

10/18/02	A00-11-038	Southern California Edison Company, for authority to institute a rate stabilization plan with a rate increase and end of rate freeze tariffs.
	A00-11-056	Pacific Gas and Electric Company, for emergency application to adopt a rate stabilization plan.
	A00-10-028	The Utility Reform Network, for modification of Resolution E-3527.

Summary: On October 16, 2002, Billy Blattner, CPUC Relations Manager for Sempra Energy Utilities, left four separate telephone messages for Steven Weissman, advisor to Cmmr. Wood, Robert Kinosian, advisor to Pres. Lynch, Laura Krannawitter, advisor to Cmmr. Duque; and Kevin Coughlan, advisor to Cmmr. Peevey; and also initiated a telephone conversation with David Gamson, advisor to Cmmr. Brown. Blattner stated that the headroom assumed by the alternate and proposed decision (PD) to be available in San Diego Gas & Electric (SDG&E) rates to cover an undercollection is insufficient. Blattner stated that the Commission cannot utilize headroom in utility rates to pay the Department of Water Resources (DWR) bond charges or require utilities to finance bond charge undercollections as this violates both AB 1X and the SDG&E/DWR servicing agreement. Blattner explained that the Commission must adjust rates to include the bond charge without an offsetting credit. Blattner argued that the rate treatment in the PD and the alternate might jeopardize the issuance of bonds as it does not guarantee a revenue stream with which to repay bondholders.

10/18/02	A00-10-045	San Diego Gas & Electric Company, for an order implementing Assembly Bill 265
	A01-01-044	San Diego Gas & Electric Company, for Authority to Implement an Electric Rate Surcharge to Manage the Balance in the Energy Rate Ceiling Revenue Shortfall Account

Summary: On October 15, 2002, William Reed, Senior Vice President of Regulatory Affairs, Sempra Energy Utilities (SEU), met, on behalf of San Diego Gas & Electric Company (SDG&E) with Cmmr. Brown in an all-party meeting in San Francisco. Also present were David Gamson and Peter Hanson, advisors to Cmmr. Brown, Steven Weissman and Bill Julian, advisors to Cmmr. Wood, Kevin Coughlan, advisor to Cmmr. Peevey, Laura Krannawitter, advisor to Cmmr. Duque, Lee Schavrien, Vice President,

and Leslie Katz, Regional Vice President, for SEU, and Jeff Parrott, Attorney for Sempra Energy. Reed stated that the proposed decision acknowledges the fact that the Intermediate Term Contracts were in fact treated as shareholder assets, but it then proceeds to use its interpretation of the language contained in Public Utilities Code Section 332.1 as the basis for reaching its determination that the profits from June 2000 to January 2001 were ratepayer assets. Reed argued that the language in 332.1 was not definitive as to what generation asset revenues should be used to offset any undercollection. Reed noted that the alternate proposed by Cmmr. Peevey was the only option that did not result in extreme positions for any party and was an equitable solution.

Schavrien argued that the language in 332.1 was not definitive as to what generation asset revenues should be used to offset any undercollection. Schavrien also stated that the Commission's upside potential in the Federal litigation represented approximately 25% of its potential downside impact should SDG&E prevail in the court case. Katz and Reed noted the alternate proposed by Cmmr. Peevey was an equitable solution.

10/18/02 R02-01-011 Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060

Summary: On October 15, 2002, Bill Reed, Senior Vice President Regulatory Affairs of Sempra Energy Utilities (SEU), met on behalf of San Diego Gas & Electric Company (SDG&E) with Cmmr. Peevey in San Francisco. Also present were Kevin Coughlin, advisor to Cmmr. Peevey, and Lee Schavrien, Vice President, and Leslie Katz, Regional Vice President, Regulatory Affairs, for SEU. Written materials (attached to the notice) were used. Katz stated that both the proposed decision and the alternate are patently unfair to SDG&E's customers and they are illegal because they would require the utilities to finance a substantial undercollection of amounts owed to the Department of Water Resources. Schavrien stated that the magnitude of such a utility-financed undercollection could jeopardize the financial integrity of SDG&E. Schavrien also

described the harsh and inequitable consequences of a utility-specific exit fee for SDG&E's customers, which could total an estimated \$600 million under a 2.7 cent cap. Schavrien stated that the record supports a statewide levelized cost responsibility surcharge.
